Ready Design

Buy samples and bulk on
shop.baliswim.com now!

Ready Design is our ready-to-go collection of swimwear designs! Choose the pieces you like and adorn with your very own branding – and they're ready to sell! Each year, we conduct extensive research on what bikinis and swimsuits are in, what's out, and what the upcoming trends are for the season ahead. From there, we create a collection of styles that include those on-trend styles and re-worked classics. We also keep bestsellers from previous seasons too. So if there's a product you loved from last year, we can help you revive it.

You can mix and match tops and bottoms between any styles. You could even combine them with your custom designs to flesh out your swim line. All styles are available in our full range of fabrics, in all colors, and in any print. There are no development costs (pattern making & grading) with ready design. You only pay per piece. This method offers you the quickest, simplest, and most affordable method to manufacture your own swimwear label.

Custom Design

For us to develop your dream swimsuit and bikini, we want to understand your ideas clearly. Ideally, this means complete tech specs and patterns or samples of what you want to develop. But since we also work with non-designers, we are definitely flexible. We have example templates (which we call sample specs) with clear instructions to show you just where to start and what we need from you. This could include pictures of products you like with notes on any adjustments.

Extra Notes Feel free to take design inspiration from our Ready Design range – taking parts from one design and adding to another or combining them with your own ideas.

**You can buy samples
and bulk of it right now
at shop.baliswim.com!**

Mix and match tops and bottoms between any styles you wish. You could even combine our designs with your own to complete your swim line. Take the designs as they are (and add your choice of colors and prints) and you'll have a development fee-free experience (pattern making & grading)!

You only pay for what you order (the full price list can be seen at the end of this catalog).

For bottoms and swimsuits, we offer three coverage options: cheeky, medium, or full coverage.

If you want other coverage cuts or to adjust the cuts of our styles in other ways, you can - but we'll treat it as a custom design and we need to re-develop the style from scratch. This would include development fees.

Adding or switching a small accessory detail is most likely acceptable without re-development. If you have a special request, just ask! We'll do what we can to help.

We will be releasing new designs yearly, both classics and on-trend.

Prints

**Endless print options.
Always using Eco Ink.**

We do all our prints in-house which means we keep a full control with a fast turnaround. Tests (print strikes) and bulk prints are made in one day, and not in weeks that outsourcing may offer. All prints are made using ecological inks ([ECO PASSPORT certified by OEKO-TEX®](#)) on state of the art Japanese printing machines.

We print on durable polyester fabrics made for digital sublimation printing. This method keeps the colors permanently deep into the yarns and the print is very vibrant and crisp.

Print Strikes

For all prints, we offer a mock-up & print-strike service, where we send you a digital mockup for proportion (size) approval, and then we make a trial-print a 30×30cm swatch to send you. From there, you can personally verify the quality of the print itself, and if there's something you aren't satisfied with, we'll revise it!

For fabric prints, the digital print file (artwork) must be high-resolution (300dpi+) to print well. It can be a vector, JPG, PNG, TIFF, or any other format - as long as the file is high-res.

Seamless

Artwork should be seamless or set up for repeat, which simply means that you can put copies of the print next to it in each direction so that it matches up without any interruption in the pattern. If it's not repeatable initially, you can sometimes mirror the image four ways, and thus create the same effect. We can assist you in ensuring that your print is able to be repeated and replicated in a clear pattern.

Scale

Lastly, the scale of your print is key. For example, you have an artwork/pattern of a starfish - what's the height of each starfish? The difference between a small cute 3cm starfish and large 15cm starfish will make a difference on your end-result.

Packaging

Put the finishing touch on your products with our wide range of labelling options: hang tags, labels, hygiene liners and bags.

Helpful tip: Develop your labelling during the sampling stage/early - so that it doesn't hold you up later.

Hardware

Hooks, rings, slides, cups, wires – those extra bits to complete your designs. For ready designs these are standardised but you can sometimes choose colors. For custom design we guide you in what might be required and fitting for your designs.

US\$50-150 per shipment depending how many samples in the box and where you are located.

Bulk Shipment

Frequently Asked Questions

I'm new to swimwear and running my own business. Do you have any tips?

Grab our [Starter Kit](#)! With that in hand, you'll have everything you need to get going.

Is your production ethical? Sustainable?

What is your MOQ for manual bulk re-orders?

200pcs – if you re-order the same styles within 6 months, you won't be subjected to a surcharge.

What are your payment terms for manual orders?

50% deposit and 50% before delivery. You can submit your payments with PayPal (links to CC also) or through a bank transfer.

For new clients, we require a 100% deposit up front for your first order. This only applies once to your first order with us. With PayPal, you have Buyer Protection.

Is bulk production a must if I sample with you?

No! When you order with us, there is absolutely no obligation to complete a bulk order after producing a sample. You also own your patterns that we develop for you.

What file format for CAD do you work with?

DXF and DGS.

What are your Terms & Conditions?

Please read our T&C by [clicking here](#).

How does it work when I order full rolls of imported Italian fabrics?

If you want to order colors of Carvico or JL that is not in our stock, we have to order full rolls. We make the purchase for you, but you are responsible for covering the full and complete cost of these materials before your purchase. When you use the fabric later on in production, we deduct the value of the fabric used against the production. You can see it as a pre-paid credit.

However, if you choose to save some fabric or not use it all, that means you have fabric that is left in our warehouse, which we will keep for future orders. When you use that fabric later on for a future order, we will credit the value for that next order.

Example: You've placed a total order of \$10,000 and in this bulk production, we are using your saved fabric rolls at value of \$3000 – then that amount will be deducted from your next order so you'll have a value of \$7000 remaining.

Who are your clients?

At Bali Swim, client confidentiality is non-negotiable.

We do not disclose client names, designs, or any identifying brand details, in strict accordance with our [Terms & Conditions](#). Many of our clients — particularly those in the luxury segment — request to keep their manufacturing partnerships private, and we fully respect that.

While we showcase a few selected public reviews, these are voluntarily shared and carefully presented without naming any brands.

Each year, we support the growth of over 100 swimwear labels across North America, Europe, Australia and Asia — from first-time founders to established brands.

Your privacy is our priority, always.

Can we visit you in Bali?

Of course! Our 2000 sqm superfactory hosts all of our operation for you to visit and see. We have private showrooms where you can meet your rep or merchandiser in comfort for an in-depth design and manufacturing discussion and do fitting of your samples. We are located in west Denpasar on a major road for easy and quick access from any location in Bali. To visit our factory please make an appointment first, [here](#).
